SAFETY

GENERAL SAFETY INSTRUCTIONS FOR POWER TOOLS

Using power tools of any kind can be dangerous if safe operating procedures are not followed. Recognizing the hazards of each tool and using them with respect and caution will considerably limit the possibility of personal injury. However, if safety precautions are ignored, personal injury will likely result. Always use common sense; your personal safety is your responsibility.

1. Know your power tool. Read and understand the Operator's Manual and observe the warnings and instruction labels affixed to the tool.
2. Properly ground all tools.
3. Keep guards in place.
4. Remove adjusting keys and wrenches.
5. Keep work area clean and dry.
6. Keep children away.
7. Never leave running machines/tools unattended.
8. Disconnect tools for service.
9. Use correct tools for the job.
10. Never force a tool.
11. Wear safety apparel.
12. Wear safety glasses/goggles.
13. Never stand or sit on tools.

SAFETY

14. Replace damaged components immediately.
15. Make sure your work platform is sufficiently sturdy to do the specific job at hand.
16. Properly anchor blade for job being done.
17. Use correct blade for job being done.
18. Think Safety. Safety is a combination of operator awareness, common sense and alertness at all times.

SAFETY INSTRUCTIONS

1. Use caution when folding or unfolding legs to limit any finger pinch points.
2. Place stand on flat and level surface to keep from rocking or tipping.
3. Make sure that work support extensions are within safe operating limits, and are properly locked in place before using tool.
4. Test the setup for stability before proceeding with work.

FEATURES

You have just purchased a S210 3-in-1 Roller Stand. This product has been specifically designed to assist you in the use of your 10-12" (25-30cm) miter saw, as well as increasing efficiency with other bench top tools such as table saws, band saws, scroll saws, planers, etc.

Your S210 3-in-1 Roller Stand is loaded with standard features all designed and engineered to maximize the functionality and flexibility of your Miter Saw Stand.

- Quickly adjust height from 27.5"-43.5".
- Folds flat for easy storage.
- Galvanized steel rollers provide support & smooth movement.
- 3-in-1 head adjusts to use ball bearings, roller or sliding plate.
- 2" box tube frame creates an extremely strong structure.
- Custom feet keep stand stable and secure.
- Heavy-duty steel construction provides strength and support
